

GAMIING
Nature Centre

Who We Are...

GAMIING is a not-for-profit charitable organization. Gamiing employs college and university graduates with up to date knowledge in the field of ecology. Our mandate includes education and hands-on demonstrations of ecologically sound practices related to lakes and lakeshores. GAMIING works with individuals, community groups and other interested parties toward understanding and participation in practices that balance human needs with the needs of wildlife and natural lake ecosystems.

GAMIING operates from a 100-acre property with a natural shoreline, surrounded by wetlands, forests and meadows. A Conservation Easement was placed upon the land and put in Trust with the Kawartha Land Trust to preserve it in perpetuity as a dynamic natural venue to which the public is invited to relax, reflect and participate in interactive demonstrations of low-impact and zero-impact lakeshore living.

Our Mission Statement:

Gamiing is a not-for-profit charitable organization dedicated to share the enjoyment and importance of living in harmony with nature by balancing human needs with the needs of nature, working together towards sustainable ecosystems and stewardship of our natural resources and heritage for our and future generations. We do this with effective and inspirational outdoor environmental programs for children and adults.

Come walk the trails! GAMIING is open to the public seven days a week, year round, during daylight hours. Gamiing Nature Centre also has a Native nursery on site which can provide beautiful native trees, shrubs and wildflowers for your garden or shoreline. We also offer on site summer camps and outreach programs focusing on several aspects of the environment. If you have any questions or would like a free consultation on the health of your shoreline don't hesitate to contact us.

Want to get Involved? Gamiing Nature Centre is always looking for volunteers. If you are interested in gaining great experience while helping out your community Gamiing would be great for you. There are several areas to volunteer depending on your personal interests including; education, the native nursery, events, restoration projects, trails and maintenance. If interested contact us, or come out and explore Gamiing Nature Centre.
